Stop-it-All in the News
Tried/Tested

All [redacted] areas are text/names/descriptions that may contravene Veterinary Medicines Directorate (VMD) regulation; text within [] has been inserted by this office.

Help On The

We Tried: **Stop-it-All** oil & shampoo products. [redacted] of bacterial and fungal [redacted] including [redacted] Muddy situations with a 95% success rate and can even be used on [redacted] Minor wounds [redacted], such as [redacted] or over reaches. "My horse has very sensitive skin and due to the wet weather had already got [redacted] Muddy sits' in June. I tried Stop-it-All, it was really easy to use and with in 10 days it had disappeared. What's even better is that it didn't return and I am now using it to keep the flies and midges away."
