Stop-it-All for Muddy Environments

All [redacted] areas are text/names/descriptions that may contravene Veterinary Medicines Directorate (VMD) regulation; text within [] has been inserted by this office.

Stop-it-All

During a trial where the oil mix was used alongside the [redacted] shampoo from Stop-it-All, it proved beneficial in over 90% of Mud [redacted] cases. Ms SD from Shropshire said: "Stop-it-All is amazing! Nothing helped the [redacted] [redacted] on the backs of my mare's knees and the surrounding tissue was badly damaged. Within five days the wounds had shrunk dramatically and now two weeks later the scabs have dropped off naturally to reveal lovely healthy pink skin with no discharge/bleeding. All horse owners should try this".

Many thanks to to the Ridgeway Rider, part of the Redpin Group, for their interest and support.
