Hi Karen

I've been using **Ruggle it** oil on my wirehaired pointer for a while now and **found it brilliant** on her **undiagnosed itches**. I've told loads of people about it as I'm a dog groomer and have a multitude of hotspots, westie skins, scurfy skins etc in every month. Do you have any leaflets and price lists I can pass on?

Also the **joint pills** [Maxavita Pernamax Canine Green Lipped Mussel] I've been giving her **work a dream!** She had bone on bone contact in her hip last year and had painkillers and bedrest for 2 months and also a sore left shoulder (she likes to charge up the garden path in pursuit of squirrels) and **since being on your pills** shes has had **no problems at all** and **still charges about like a nutter**. Again people ask for info!

I'm soon to be setting up my own dog grooming parlour in Hertfordshire and want to pass on all the information I can about your products!! Many thanks for all your help!

Best wishes

Teresa (human) and Kia (10 y/o wirehaired pointer)  
Buckinghamshire

Many thanks to **Teresa Barlow (and Kia)** for taking the time to write this feedback.

**Note:** Whilst we are hugely grateful for all the telephone feedbacks we receive on our products, only ones received in writing will be considered for inclusion on this web or as part of any PR...so that readers have peace of mind that we're not making this up! All quoted testimonials can be viewed at our offices.
