4. Your comments on the product(s): (feel free to continue onto the reverse or another sheet if you wish)

Lulu is a 16hh Sport horse, a border-line Serious Summer Itch- very sensitive to flies and midges to the point of being unrideable on some bridle paths. Having tried most other products to no avail, I found Ruggle-it in my Western UK magazine 8yrs ago and have never looked back. We can ride anywhere with the occasional tailswish. We go regularly to Tretford Forest without any problems and our bridle paths hold no fear. I always have a supply of Ruggle-it at the yard in the horse box and ready at home. Ruggle-it is an amazing product. Thanks Karen. From Lulu & Kathy.
