**WOW ! AMAZING !**

what can i say ?

Knew my daughters LR pony had "manageable" mild [REDACTED] [summer itching] when i bought her about 5 yrs ago but rapidly it became **chronic** when she came here on the **quantock hills** and for the last 3 yrs she has been **unrideable** for most of the year .

Itchy sore [REDACTED] and [REDACTED] [very irritated] skin , totally bald from her face to her tail , under her belly down to her hind legs inner hocks within a week of starting. She constantly **paced** around in and out the box itching and scratching using whatever she could , even us ! She would be **sat / lying down frantically biting her belly** . She was so [REDACTED] [troubled] that we struggled to put anything onto her , even got so bad for her she **wouldn't be caught** and last year she drove me insane with the ridiculous measures we had to take to catch her !

**But it was so sad to see her obvious discomfort** as we applied the latest treatment . **Tried all the usual** ( & some not so) [REDACTED] [products] & applications with none producing any relief i had finally decided that she obviously had no future as a ridden pony , how could i sell her like that ? and on **welfare grounds** she should be **put to sleep as soon as she starts itching this spring** .

**mid march** 2 bald patches appear overnight on her quarters , i make enquiries at **abbatoirs and theres' a 2-3 week waiting time** for killing - oh ! Time for 1 last look for help.

**TADA !!** along comes the **ruggle-it sp1 starter pack** .

**Absolutely amazing results** ! 1 bath and **instant** easing of irritation visible.

**3 days** of applying oil & spray and she **actually came to the gate** to be caught .

She has been out since , even in that hot spell we had a couple weeks ago and we were **only applying the oil solution every 2-3 days** , daily in the wet weather now at the moment .

**What a change in the pony!** **Whole temperament has changed** back to a **happier one than when we first bought her** !

**So pleased for that waiting list now Silver literally has a life.**

We also use the **oil solution as a fly spray** on the other horses and as a **tick deterrent ( us inc), best we've ever found - actually works** . Am recommending it to everyone , **should be a tack room necessity** !

Many thanks to **Mrs Ebsary** for taking the time to write this most magical feedback.

**Note:** Whilst we are hugely grateful for all the telephone feedbacks we receive on our products, only ones received in writing will be considered for inclusion on this web or as part of any PR...so that readers have peace of mind that we're not making this up! All quoted testimonials can be viewed at our offices.
