Dear Karen,

Firstly, THANKYOU for talking to a nuerotic stranger at silly oclock one Fri morning!!! I just wanted to let you know that after talking to you that Fri morning, I **stopped all garlic** that Ruby was being fed.

**After 48hrs, that mare had not one damn lump!!!!** I have fed her no more garlic, and have NO intention of ever EVER feeding it again!!!!!!!!!! If I had not spoken to you, I would have taken her to the vets, [REDACTED] [injections]

Thankyou so much for sending me the shampoo and the oil. I have made it up as a fly repellent and it really has helped her.

We are one week away from our **European Champ Show**. We fully **show clip** for this occasion. I clipped Ruby last night and bathed her in your shampoo this morning. **For the first time after clipping at this time of year, she shone like a new penny**, where as before her coat used to look like 'fuzzy felt'. I'm over the moon!! I hope you dont mind, but in our next news letter I am going to add your website and product and also the fact

sheet you sent me re the Garlic.

Thanks again Karen. You helped my Ruby alot. Will let you know how her first Championship under saddle goes!!!! [see PART 2 below]

Best Wishes Traci and Ruby

Hey Karen,

Good to hear from you.

Have attached some other pics from when she's well - one In Hand from 3 Counties and one where she's playing at home.

Last September she went on to do one better and now holds the **European Hunt Seat Championship !!!!!**

**One of the stallions won** his class at the **Europeans in September.**

**Both Spartacus and Ruby were bathed in your shampoo...** As for the Shampoo, I will give you a call when Im out.

I also made it up as the **fly spray and its worked a treat, smells foul but works !!!!!**
