Hi there,

I would just like to say Thank you for all your help today regarding your product.

My fell pony suffers badly with [REDACTED] [summer itching] and for the past 3 years I have bought everything possible to help stop her suffering, my tack room looks like a chemist lol.

2 weeks ago I came home in tears as my pony had rubbed herself so much she took her mane off right down to the skin and was bleeding, her crest was a mess.

Anyway to cut a long story short, a friend of mine gave me some of the ruggle-it shampoo and fly spray [diluted oil] to try, I thought naaaa this won't work, I had no faith left in any product off the shelf and thought next step would be the [REDACTED] [products] from the vet. How wrong was I, within 2 days my pony had stopped rubbing herself and within a week the [REDACTED] [troubled areas were recovering] fantastically, her mane is growing back now. Also I haven't found any midge bites on her, and she is now stabled at night rug free.

I will be recommending your product to all my horsey friends who's horses / ponies suffer from [REDACTED] [summer itching], I can't praise your product and company enough. A big big Thank you from me and Dixie.

Please feel free to copy this and put on your face book page, and to those people who made nasty comments to you, well all I can say is take a chill pill lol You and your colleges are there to help people like me.

Thanks again
Tina
