Dear Mrs Gorrel

Feedback – can you help us please?

Whatever we might say about our products is really just an irrelevance as we might be selling fridges to Eskimos! What 'real life' users say in writing and/or on Forums is what **really** matters & can often help give others **confidence** in our unusual approach to 'good health!'. Might you kindly complete the following & return it in the enclosed SAE?

- Which products have you used e.g. Ruggle-it, Protexin Probiotics, Maxavita Green Lipped Mussel (Permamax or Revitaflex), Pillules, Green Barley Grass, OM3-rich Salmon products, natural Skincare) other?
- Did you use them on dogs, cats, other pets, horses, alpacas, farm animals, chickens, children, yourself, etc?
- For what issue(s) are you using the product(s) e.g. head lice, joint stiffness, flies/midges, mud issues, itching, etc?
- Your comments on the product(s): Feel free to continue onto the reverse or another sheet if you wish)

Ruggle It and Probiotics used on my Hackney's itchy skin worked within 6 weeks. It has freed my horse from the restrictions of being in a rug 24/7. His skin is now shining and his gait more fluid after his 'Ruggle-it' treatment. He much more relaxed and comfortable in his own skin. Early one spring evening, I went to check on him in his field in the New Forest (good mosquito weather) and there was a mist of mosquito's around him but 3 inches above his skin! pto.

5. Any other comments you'd like to add e.g. our level of customer service, speed of delivery, etc?

Excellent, excellent, excellent

Finally, would you consider allowing us to use your feedback/photos for our website and/or within some PR? We fully understand if you'd rather not and/or rather leave it for a little while longer...but we hope you won't mind us asking all the same. If it's OK to use it, please advise whether to use your full name & town, or just initials & town (or any other variant!). \*(This form is for internal purpose only; permission is always sought before any comments are quoted.)

Yes, it's fine by me if you use my feedback - Full name is fine! + Thank you very much. +

We greatly appreciate the time you've kindly taken to help us.

continued pto...

It really works; what a freedom.

- Dog(s) had itching problems and sores on their paws. The vet prescribed [redacted]. (I only gave them one days [redacted]) - I gave them [redacted] and when the Ruggle it salve arrived I applied it to their paws and gave them probiotics. One of the dogs had to have his paw bandaged as it was so raw to walk on his pad and his licking made it raw. After day one of the 'Ruggle it' on under the bandage, the dog took the bandage off. We reapplied, and the next morning, a grass seed was expelled in a clot of puss! The Ruggle served to keep the skin soft and **'healthy'** and the grass seed could be expelled! - Miraculous and excellent products! A gift from Mother Nature, indeed!

Thank you,  
Christina Gorrel.

Many thanks to **Mrs Gorrel** for taking the time to write this wonderfully detailed feedback.

**Note:** Whilst we are hugely grateful for all the telephone feedbacks we receive on our products, only ones received in writing will be considered for inclusion on this web or as part of any PR...so that readers have peace of mind that we're not making this up! All quoted testimonials can be viewed at our offices.
