Hi Karen

- The **shampoo is astonishing**. It improved the itching, and therefore skin, on my Saluki and Whippets **overnight!**
- I have the salve which I am putting on the **patch** on my **Saluki's tummy** where she was damaging the skin with her **constant licking**, and it has **all but gone**. **She no longer licks it at all!**
- Because of the strong smell of the salve, I apply it just as we are leaving for our daily 3 hour walk, and I keep it in the fridge as it melts very quickly.
- I have ordered a large bottle of the shampoo and given my friend the small bottle to try on her Retriever, who has had itching issues for years and had [REDACTED] [*fierce applications*] etc. to try and deal with them. Hopefully it will work as well for her as it has for me and I will tell her to beware of rice in Sky's food.
- Impressive and fast acting too! Wonderful product!  
Many thanks.
