TOO GOOD TO BE TRUE?

Let 80+ detailed Testimonials on the website do the talking!

"Our Vets recommend them for winter/summer issues - so versatile & cost effective"

"Ruggle-it has beaten the Scottish midges...the pony's happy for the 1st time"

"Miracle products for alpaca mites, scabs, baldness, flies...they really deliver results"

"20 of our yard use it against pet itching, equine muddy situations, summer itching, flies, midges & bites, mites, minor cuts, hair loss & even for softening my gardner's hands. Can't find anything it doesn't work on! Gentle & sensational"

Natural, Gentle & with No harsh chemicals or Tea Tree
Anti Bacterial and Anti Fungal
Economical, Effective & Long Lasting • One Product...All the Above Issues

18 issues... 1 product *Ruggle-it*

What is it?

- 1 x 100% Natural Vegetable Oil Blend
- 1 x Ultra Mild Low Lather Shampoo for Sensitive Animals & Humans*

Multi-Purpose - How to use them

- The *Ruggle-it* oil & shampoo are used in tandem for most issues.
- Also, the oil can be mixed with the shampoo & lots of water to create a highly efficient, **long-lasting** & cost effective bug deterrent e.g. a 500ml oil becomes **2.5 litres** of fly & bug spray/wipe/brush on

The Details

- The oil blend has a wide range of scientifically identified properties including being Anti - bacterial, fungal & oxidant. It also soothes, moisturises & deters. When Trialled (2006/07) its **success rate** was **above 80% for all** the following – deterring flies, mossies & midges, summer itching, for muddy environments, fungus, ticks, mites, hot skin, crusty lumps, minor cuts, moistening scurfy/dry skin, scabs & hair loss.
- The shampoo is **100% free** of the usual harsh chemicals & ingredients that research indicates may agitate & strip the skin – Parabens, Sodium Lauryl (Laureth) Sulfate & Tea Tree. It is designed to soothe, moisten, clean and protect simultaneously. Gentle enough for daily use on foals, puppies, animals & babies over 8 weeks old. It also acts to emulsify/blend the oil into water to create the diluted bug mix. (*If your only use is as a bug spray, you will need 1 x oil + 1 x emulsifier & no shampoo – see web or call us)

"Very impressive on the dog's paw chewing & itchy skin, my Shire's terrible mane & tail rubbing, the pig's minor wounds, the chickens' legs, balding Alpacas, lamb scour soreness, head lice, bug stings & bites. An essential for all homes & animal owners"

•
"Muddy environments don't scare me now...year-round scabs disappeared"

•
"Ruggle-it has transformed my horse's life...from rubbed wreck to Show Champion"

100% Versatile, Economical & Easy to Use!
