Hi Karen

I just wanted to let you know how I got on with Mich - I ordered the **ruggle-it pack with the probiotics** to help with **lumpy skin and bad itching**.

I've spent a fortune with the vets, and have seen no response to any of the [REDACTED] [applications] they gave him - [REDACTED] [drugs], so I thought I'd give the ruggles [REDACTED] [products] a go before I went down the blood test and skin scrape route.

I started the treatment last **Saturday**, shampooing all over, dabbing with neat oil then spraying with the dilute oil, dabbed and sprayed on Sunday, and on **Monday the majority of the lumps had gone!!**

I can quite honestly say it's **been like magic - the lumps have been there since September last year**, going down a little but never disappearing, and he's always been **extremely itchy!** **The itching has stopped**, he had a **shiny coat**, but when I brushed him he was very **scurfy - that has now gone**, and his **coat looks like velvet!** He's taking the **probiotic** in his feed too with no problem as well.

I've continued the treatment every day, bathed again this Saturday and am continuing to spray and dab most days.

Thank you so much, **I just can't believe how effective your products have been.**

Bonny
