**Subject:** Do it All Shampoo & Oil

Dear Karen

Back in November, I bought the above and meant to get back to you re mites and mallanders - the evil 'M's!

The **shampoo and the oil** worked great for the **mites and stamping** and itching stopped but I know from your last newsletter we are coming to that time again so have been applying the spray oil and water to legs, belly etc. to help and will need to order some more soon.

The horses (a 20 yr old cob and 7yr old TBx) went on to **Protexin gut balancer** too after reading your leaflets and are doing well on that with the **young horse droppings better /regular and calmer when staying away at events/clinics etc.**

The **shampoo and oil** worked **brilliantly on the mallanders [knee scabs]** for the old boy [Bobby – see above 'before/after' pictures + him at 06/09...doesn't he look magnificent?!]. The shampoo with warm water softened the crust/scurf behind the knees and I applied the oil every other day neat to the area to rub in gently and leave until the scabs came away and scurfy bits [gently] brushed off.

It also worked in the heels where this elderly cob has old wounds (similar thing to mallanders) which sometimes open, and these have GONE too and the area is much softer than before. I think the owner has tried literally every [REDACTED] [product] there was for these issues including [REDACTED] injections, and it was always a short term fix - generally put down to him having a compromised immune system. However, I now think the oil is really doing the trick and the legs are not flaring up as they used to and we are really keeping on top of it.

Many thanks for a great product. J P-D

Many thanks to **Mrs P-D from Kent** for taking the time to write this feedback.

**Note:** Whilst we are hugely grateful for all the telephone feedbacks we receive on our products, only ones received in writing will be considered for inclusion on this web or as part of any PR...so that readers have peace of mind that we're not making this up! All quoted testimonials can be viewed at our offices.
