Dear Karen

When I first saw your advertisement in a dog magazine we do not usually buy, I felt drawn to it straight away.

The only reason for buying the magazine was for something to read while I was in hospital having surgery, (one of many times)

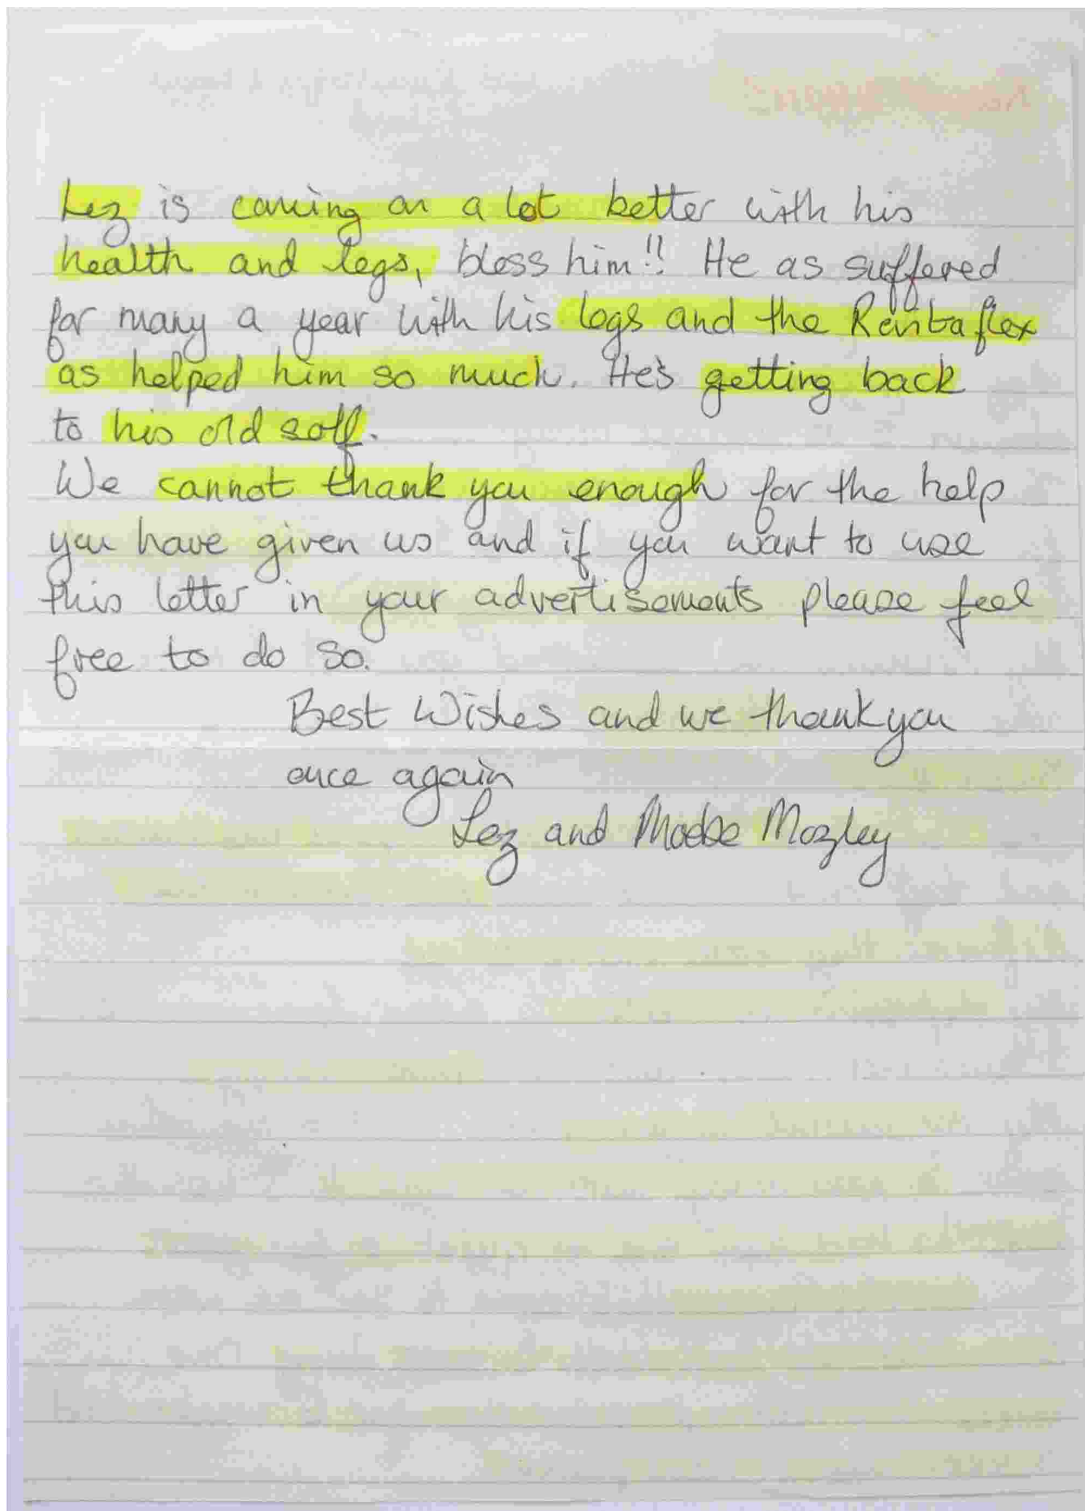

My husband has contacted you and I have gone on your Probiotics, I call them my happy pills!!

The next time I went into hospital the nurses and staff on the ward could not believe the difference they were making to me.

My depression had lifted to a very large amount, I was more happy. and with more energy.

My consultant surgeon even said to me what ever I was doing, carry on with it. I was the best he had seen me in quiet a few years

The district nurses that come to see me were 'taken back' at how well I was doing One nurse who had not seen me for 6 weeks said I was like a new person

Lez is coming on a lot better with his health and legs, bless him!! He as suffered for many a year with his legs and the Rentaflex as helped him so much. He's getting back to his old self.

We cannot thank you enough for the help you have given us and if you want to use this letter in your advertisements please feel free to do so.

Best Wishes and we thank you
once again

Lez and Maebe Mozley
