Dear Karen

I enclose an order for more Stop-it-All. I feel I must say how glad I am that I discovered Stop-it-All. I was on the point of taking my Vet's advice and having my elderly Labrador put to sleep due to "[REDACTED]" skin issues. Since using Stop-it-All and on your advice switching to a cereal and rice free diet, the improvement has been amazing. She is not "cured" but the condition is under control, she is hardly

scratching at all now and her fur is re-growing and best of all she has got her wag back!

Thank you

Thanks for sending the Protexin probiotics. Thought you might like to see these two photos of Ella our Labrador - on the first you can see the sore place on her face where she had scratched herself - she had many similar injuries on her body.

The next was taken a couple of weeks ago in the Isles of Scilly after several weeks with your oil-salve and shampoo - **her face tells the story.**
