Dear Karen,

The **horseflies** were driving our **resting NH horses demented** this year – **swishing tails non stop** and **tossing heads**. I remembered that a while ago, I bought Ruggle It and that it **worked well**.

So to Karen – Ruggle It dispatched swiftly [*5 Litre Ruggle-it Oil Blend + 500ml Ruggle-it Soap-free Shampoo*] and applied immediately. **Calm reigns!** A **lazy swish occasionally** but too busy finding decent grass to move their heads at all.

After the **3 day** treatment, **once a week is enough** to keep **all insects at bay!** Hurray!

*[R&SL comment: we suggested to **sponge-in** the Ruggle-it Diluted Oil mix for 3 x consecutive days as **sponge-in** really gets to the **skin/into the hair shaft** & is more effective, especially re **Horse Flies** which as any horse/donkey/farm animal owner knows, are especially hard to deter, whether with chemical or natural products]*

I have forwarded to Janet Barton because she will be particularly interested in the sweet itch application.

By the way, **I have had a very annoying sore spot** on my **scalp** for ages. Since I've used **your shampoo --- It's GONE!** I keep feeling for that spot cos I can't believe that it's **NOT there!**

Very best wishes

Dear Karen,

Please can I order an equine shampoo and a human one? **Ruggle-it has worked its magic again** and kept the **horses fly free** and has **improved my scalp.**

Best wishes

Gay
