Hi Karen

Sorry I haven't been in touch. Perhaps you can use the testimonial below. By the way, we now have a new Border Terrier puppy (Mollie). Mollie is 18 weeks old and proving to be a typical naughty puppy. We forgot how much hard work they are after 14 years with Rufus.

"Our Border Terrier, Rufus, suffered a serious Demodex mite infestation which was causing serious hair loss and skin sores. We were recommended to try Ruggle-it products by a friend. After one box of [REDACTED] [live bacteria – bio-kult] and regular shampooing over the next 3 months the problems **cleared totally** and never returned."

Regards

Kevin & Carol White

Many thanks to **Mr and Mrs White** for taking the time to write this feedback.

**Note:** Whilst we are hugely grateful for all the telephone feedbacks we receive on our products, only ones received in writing will be considered for inclusion on this web or as part of any PR...so that readers have peace of mind that we're not making this up! All quoted testimonials can be viewed at our offices.
